

SolarPRO™ CONTOUR

Solar Heater for Above Ground Pools

The next generation in Solar Pool heating from GAME™

Our exclusive **NEW CONTOUR** solar heater design creates a **MAXIMUM SOLAR** collecting area. **The most heat efficient and least flow restrictive pool heater design** which generates enough heat transfer to increase pool temperature 5°F in 6 days, extending your pool season!

- The most efficient and largest solar dome heater in the market
- Produces 0.5° F per water circulation temperature increase
- Clear dome creates “Green House” effect to increase heat transfer
- Adjustable, foldable legs
- Adapters for Intex pools included
- Coil volume is equal to 30’ of 1.2” diameter hose
- No bypass required for pumps up to 1.0 HP

5°F
IN **6 DAYS***

Item 4714
